The Redemption Appointment Suggestions for Zim Holders doing the RSS program.

Statement: The Redemption Appoint will not be an adversarial experience for Zim or currency Holders. Go to the appointment expecting what you ask for.

RV Background.

The Quantum Financial System is a brand new financial system that will take the place of the **old Central Bank banking system**. The Alliance, which includes: off-world entities, Civilian White Hats, the Military, the Ascended Masters, and many highly evolved Spiritual Beings, was tasked with implementing measures to put huge sums of money into the hands of the "Meek" to bring humanity out of the debt slavery system created by the Central Banking System. If you have Zim then you could be one of the Meek.

The Revaluation of depressed currencies (not the Zim) began this push toward funding this humanitarian work over 20 years ago. It has been taken over by the Deep State and is presently being held up by Central Bank banking interests so that the funds would not be given to the people. This is why the gurus have taken over the narrative on IDC.

A defunct Zimbabwe currency Bonds that were no longer in use in Zimbabwe, were added to the RV process but were different from revalued currencies.

Because it has no value as a currency, it has a unique possibility of being used as a vehicle to put money into the hands of the right people who will do

the humanitarian work. The Bonds are redeemable by the Alliance or QFS agents at redemption centers. where the Bonds can be redeemed for huge sums of money.

There is a lot of opposition to the release of these funds as the release will begin the new Quantum Financial System and result in the demise of the Central Banking System as mentioned above.

The Redemption Appointment is where it all begins, so the redemption appointment has been the target of the Deep State to delay and resist the release of funds. They have created a formidable army of Trolls and Shills to stop the redemption process. Many of their tactics have been employed to condition Zim Holders to think the redemption appointment process will be a negative experience fraught with all kinds of mental blocks and restrictions to reduce the expectation of Zim Holders as they go into the appointment. Much of the intel being given out daily reflects this massive amount of disinformation. Any one who predicts dates for the release of the RV is part of this disinformation scheme.

The Appointment Process

The Appointment Process is easy but needs prior preparations to be successful. It behooves each Zim Holder to quit listening to the disinformation and prepare for the appointment with a very positive thought process. The most important bit of knowledge is that the **Alliance is backing us, 100%**. We are the ones they are depending on to do the heavy lifting of mankind out of poverty and back into financial freedom, worldwide. We take over when the Alliance has cleared the battlefield and eliminated the bad characters.

They can not do this themselves because we are the ones who have been chosen to receive the money and get the job done. We are the ones the Alliance has been praying for to put on our full Amor and join in the process..

The Alliance would never short us on the funds needed to do our work. It is our turn.

The appointment itself will be conducted by Agents of the Quantum Financial System whose job it is to get this new Gold-Backed money into YOUR hands. The hands of Zim Holders who are considered Sovereign Humanitarians by the Alliance. The amount of funds available is staggering, it is beyond our imagination so we just say it has a lot of zeroes and just leave it at that. The interviewers have no limitations as to how much money they can give you. It all depends on who you are and the humanitarian projects you have planned to do. You will get all you need to do your work. They are tasked with giving the right amount of money to people who have a plan and can accomplish the work of constructing a New World Economy.

All of us need to gain the larger vision of the success that is awaiting our entry into this commencement stage of the plan. If you think you are ready to do your part, it will be necessary for you to think big and go after the highest Zim Redemption Rate that you feel is necessary to accomplish what you intend to do.

Remember this reality. From where you are what you will need to climb the hill in front of you is probably in your plans. Little do you know that there is a whole mountain range right behind the top of the hill that you can't see. When your task is to climb all that is there, your preparations for the hill will not suffice. You must seek guidance from those who have seen beyond the hill and radioed you to ask for the greater rate so you will have enough and maybe more. This is the perspective Love Won Society is sharing with you here

If you have read the Love Won Society humanitarian documents, you can see that we will require huge sums of money to get our job done. If you don't see this yet then re-read the documents again as if you are the only one in charge of implementing the programs worldwide. That can be overwhelming.

So, let's be sure we are prepared for our redemption appointment which is the starting gate to the whole adventure. All our preparations point to that moment in time. Put on your Sovereign Humanitarian outfit and play the part

until the part becomes you. Cancel the guru culture that destroys humanitarian dreams and leave it on the side of the road behind you.

Whistle your happy tune and get on with your Humanitarian Action Plans. You will become a mighty force for good as you embrace the **Divine Power** that is you.

Love Won Society Documentation.

We have been assured that those Zim Holders who intend to participate in the Love Won Society programs will not have to explain the whole program. QFS Agents conducting the redemption appointment will already have been briefed on the LWS programs. They will, however, be looking at the Zim Holder to ascertain a sincere intent to do the Love Won Society programs in addition to their ability to organize and set up the structures necessary to accomplish the intended goal.
